## CORVINA VERONA IGT

Modello Masi is a benchmark for wines of the *Trevenezie* regions. Made from grapes grown in specialist vineyards, partly on the 'Stra' del Milione' estate, which is named after the road taken by Marco Polo on his journeys of exploration and trade in the XIII century, the traditional route to the Orient at the time.

A modern wine expressing the authentic sociability of our people in every sip.

A wine of body and personality, balanced, fresh, with notes of red fruits, dominated by ripe cherry.
