

MODELLO MASI

TRE VENEZIE ROSSO IGT

Modello Masi is a benchmark for wines of the *Tre Venezie* regions. Made from grapes grown in specialist vineyards, partly on the 'Stra' del Milione' estate, which is named after the road taken by Marco Polo on his journeys of exploration and trade in the XIII century, the traditional route to the Orient at the time.

A modern wine expressing the authentic sociability of our people in every sip.

Well-structured wine, with soft tannins, excellent to drink. It is characterized by hints of red fruit and sweet spices both on the nose and on the palate.
